

FREQUENTLY ASKED QUESTIONS

Does The Texas Zoo decorate the area?

No. It is up to you to decorate the area with approved decorations.

Can I choose what animals are in my Wildlife Package?

The Texas Zoo believes in choice based training, therefore we cannot promise any specific animals as they may choose to not participate that day.

Can I decorate early?

Your space rental is for 2 hours. If you would like additional time to decorate or clean up, an additional hour may be purchased.

What happens if my guest number exceeds the area I reserved capacity?

You must keep your guest list within the capacity parameters as that is the fire code. If you know you are going to exceed the capacity we will try to work with you to get you into a bigger room, but we cannot promise it as there may be another party booked.
